AL-AMIN SHAMIM

WORDPRESS & WEB DEVELOPER

PROFILE OBJECTIVE

WordPress and PHP developer with over 4 years of experience building custom themes, plugins, and WooCommerce stores from the ground up. I write clean, bloat-free code and pay close attention to site speed, security, and search visibility. I've worked remotely with teams and clients in Australia, Bangladesh, and beyond, and I'm looking for a role where I can keep building websites that genuinely perform well and are easy to maintain.

PROFESSIONAL EXPERIENCE

Web Application Developer

PRESENT

DK Technology | Dhaka, Bangladesh

Building and maintaining WordPress websites and web applications for clients.

WordPress Developer

1+ YEAR

8Sense Technology | Dhaka, Bangladesh (Remote)

Worked on both front-end and back-end WordPress development for client projects.

WordPress Developer

1 YEAR

FullStackRush | Sydney, Australia (Remote)

Built and maintained WordPress websites for an Australia-based team.

Freelance WordPress Developer

LEVEL ONE SELLER

Fiverr Marketplace

Delivering custom WordPress builds and fixes for clients worldwide.

EDUCATIONAL BACKGROUND

B.Sc. (Hons) in Computer Science & Engineering

Completed
2022

University of Development Alternative (UODA), Dhaka
